Quand Je serai Grand... When I Grow Up...

Jana and Milena Synek

Helping to make learning
English and French fun!

Quand je serai grand, je serai astronaute. Je regarderai
la Terre d'en haut; je marcherai sur la lune.

When I grow up, I will be an astronaut. I will look at
the Earth from on high; I will walk on the moon.

Quand Je serai Grand... When I Grow Up... is the second book in this series of parallel text picture books intended to instil a love of French in young children. This story will inspire children to reach high and follow their dreams – but will also help them to realize that sometimes the most seemingly humble of roles can be the most important of all. Children will also have fun looking out for *Petit Loup (Little Wolf)* the character introduced in *Où es-tu, Petit Loup? Where are you, Little Wolf?* who is hiding on two of the pages inside this book !

The Little Wolf Series:

- ▶ Traditional storylines
- ▶ Beautifully illustrated
- ▶ Easy to understand
- ▶ Learning without effort
